It is to be noted that the Supreme Court of the United States on 10/14/57 refused to review JOHN KASPER's case in connection with his conviction on 8/31/56 for "willful contempt" for interference in desegregation of the Clinton, Tennessee, High School. On 10/17/57 U. S. Marshals in Washington, D. C., took JOHN KASPER into custody on order from U. S. District Judge ROBERT L. TAYLOR of Knoxville, Tennessee, and he is currently serving his sentence.

On 12/11/57 WF 1026-S*, who was in a position to furnish reliable information, made available the papers and records maintained in the headquarters of subject organization at Room 5, 1047 31st Street N.W., Washington, D. C. These records were photographed and are being maintained in 100-33226-1B2-1.

Set forth below are the results of a review of this material which consists of approximately 1,800 photographs. These photographs have been numbered. In the event any office desires to have a copy of the original photograph, it will be necessary to set forth the number or numbers of the photographs which appear opposite a name.

The records have been broken down into thirty general categories, and these categories have been assigned abbreviated initials.

It is believed that the names set forth in this letter may be of aid to field offices which have citizen councils in their territory in the event of any eruption of violence due to racial problems.

NEW YORK STATE WHITE CITIZENS COUNCIL
IS-X

Re Bulet to NY, 10/15/57, captioned "White
Citizens Councils of D.C., IS-X" and Bulet to Atlanta,
10/9/57, captioned "Citizens Councils, IS-X".

Referenced Bulet of 10/15/57 requested the
NYO to make a determination as to whether or not the
White Citizens Councils of D.C. may become involved
in trouble arising due to integration problems in the
New York area.

Information previously furnished to the
Bureau reflects one [redacted] a resident of
Oceanside, L.I., to be the leader of the New York State
White Citizens Council which organization was reportedly
founded at Oceanside, L.I., in about November, 1956.

b6
b7C

The father of [redacted] recently referred
to his son as a "crackpot" and added that there is no
organization or club to which his son belongs. He stated
that his son's activities are independent of others though
at times he writes correspondence to reflect that he is
associated with some group. He advised that his son
has been writing letters and articles to numerous
magazines for years, however, he added that these articles
are written as a lark on the part of his son who forgets
all about the subject matter after the fancy has worn off.

Information received from [redacted] revealed that recently [redacted] accompanied by a 18 year old boy had visited the apartment of JAMES MADOLE, National Renaissance Party leader. [redacted] advised that [redacted] had several months ago visited JOHN KASPER who had encouraged [redacted] to organize citizens councils in New York City. This source stated that MADOLE indicated that [redacted] "is not looking for council members, he is looking for boys". [redacted] added that MADOLE described [redacted] as a homosexual.

The "New York Herald Tribune" newspaper, 6/3/57, carried an article written by ROBERT L'HOMMEDIEU on 7/31/57 and directed to said newspaper. In this article L'HOMMEDIEU referred to the New York State White Citizens Council and the need for clarification "in order to preserve a complete and accurate picture of our beliefs and activities". L'HOMMEDIEU pointed out the goal of reversing the United States Supreme Court decision on school segregation by all lawful means, and that it is one of the goals of the New York White Citizens Council to reawaken the racial consciousness of the people of New York by the dissemination of literature. L'HOMMEDIEU also stated "We believe that every race must seek out and develop and improve its own racial characteristics. Racial consciousness is not bigotry, but the proper respect for the best qualities in each race."

b6
b7C

Recent information which was furnished to the Bureau indicates that [redacted] a follower of JOHN KASPER, is endeavoring to promote "racial nationalism" in the ivy league colleges. He is scheduled to speak before a discussion group of Columbia University on 10/30/57, however, it is to be noted that before this some group officers of the NAAACP may also speak.

NY 105-27837

The NYO is of the opinion that the integration problems presently existing in some areas of the country are not common to the New York area. Along this line it is noted that the May 25, 1957, issue of "School and Society", a biweekly publication of the "Society for the Advancement of Education, Incorporated", New York City, carried an article by the publication's editor, [redacted]

[redacted] captioned "The Meaning of Educational Segregation". Said publication lists among its trustees [redacted], Commissioner of Education, New York State Education Department, and [redacted] School of Education, New York University.

b6
b7C

The aforementioned article related that "So far as we know, no policy exists for New York City at large by which Negro children are kept out of certain schools. Reforms may certainly take place with regard to school zones, but there seems to be no objective evidence which points to a segregation policy. Claims that New York City and other Northern cities are as guilty of segregation as the Southern cities smack of the tu quoque variety. They help to draw attention and censure away from where it is really needed.

The New York "Times" newspaper issue of 4/23/56, page 1, carried an article captioned "Barriers for Negro Have Still High Despite Gains" which article continued on page 18 under the caption "City One of Best in U.S. for Negro". This article related that while there is gross discrimination against the Negroes in New York City "the Negro of New York lives in a community that in principle at least, has set its face against race discrimination. There

NY 105-27837

are no white citizens' councils here. Indeed, no public figure or organization and no newspaper openly advocates legalized segregation or similar measures of unequal treatment for the Negro. On the contrary, public pronouncements regularly condemn discrimination. The city administration from Mayor WAGNER on down is committed enthusiastically to a policy of non-discrimination and racial equality."

This same article stated "A Negro migrant to New York from the Deep South recently observed: 'I'd rather be a lamppost in New York than the Mayor of a city in Alabama.' His views are backed by a consensus of experts that conditions for the Negro here are the best among major cities of the country. Experts agree that no serious violence between racial elements in the city has occurred for more than a decade."

Information presently available seems to indicate that any efforts to be exerted by the New York State White Citizens Council in their campaign for "racial consciousness" will be limited to literature distribution and discussion forums. However, in view of the information set forth with respect to the leader of this organization, [redacted] it is questionable whether he will exert any serious and dedicated efforts on behalf of the New York State White Citizens Council towards even these limited activities.

Based upon the information set forth, it does not appear that sufficient support would accompany any movement directed towards disrupting existing integration nor impeding any further integration to the point where violence or interference with federal court orders would follow.

b6
b7c

NY 105-27837

In view of the foregoing information negating any future serious integration problems in the New York area and pursuant to referenced Bureau letter of 10/15/57, it is the determination of the NYO that the captioned organization or its components will not become involved in any trouble arising due to integration problems. Due to such determination and pursuant to Bureau letter of 10/15/57, the NYO at this time will not actively undergo a program of informant and source development in line with referenced Bulet of 10/9/57.

The NYO is of the opinion that it can adequately follow the activities of the White Citizens Councils of D.C. and its components through the daily New York City newspaper publications and information volunteered by [redacted]

It is being noted that [redacted] has without any solicitation by the NYO volunteered information regarding [redacted] and the New York State White Citizens Council. The NYO will UACB continue to so accept information volunteered by [redacted] relative to captioned organization and its components. All pertinent information so received from these aforementioned sources, in addition to any other information received, will be immediately forwarded to the Bureau.

NY Amsterdam News dated Saturday March 8, 1953,
carried the front page headline "Chinese Racist Quits

A page 1 article captioned "He Books Kasper,

David Wang, the young Chinese named by John
Kasper during the Clinton, Tenn., riots as a chief New
York segregationist, has had a falling out with the
Seaboard White Citizens Councils. Mr. Wang says he plans
to see the FBI and reveal the "most dangerous names"
in the Councils, in addition to telling all he knows
about the organization.

"I really realize now that they are doing
more harm than good", Wang told the Amsterdam News.
He talked freely with a reporter for this newspaper,

Presently, Wang said, he is breaking all his affiliation with the White Citizens Councils. He said the councils are "doing a great number of things" with which he is dissatisfied.

To Tell FBI

He is particularly dissatisfied with the councils' attitudes on Kasper's being sent to jail. Their charges that Kasper was convicted by "red courts and newspapers" make him "very sick and tired," said Wang.

He called Kasper the "least dangerous of the segregationists" but refused to name persons more dangerous until he talks with the FBI.

Wang said he still believes in segregation but that his ideas are different from those of the White Citizens Councils. "They just want to segregate Negroes and Jews", he asserted.

"I believe all ethnic groups should be segregated with respect to education and the like. This kind of segregation gives all races a chance to get the best out of their individual cultures."

Since his identification with the Kasper movement, Wang said he has received so many telephone calls from "idots" he has had to have his number changed. He added that only a few of the callers apparently were Negroes.

NY 105-19792

Negroes talked with him intelligently, said Wang, but many white callers heaped on vitriol. "They called me a yellow-bellied chink," Wang said.

Wang, who lives in Chinatown, was identified by Kasper as a leading segregationist during the Clinton, Tenn., school riots.

He made the identification after a speech in which he asserted that segregationists were at work and finding support in New York.

DETAILS:

[redacted] directed a letter to the New York Office dated January 22, 1958, which read as follows:

"Recently because of my views on integration, and my past association with JOHN KASPER, I have been attacked in various publications as a leader in 'anti-Semitic' and 'anti-Negro' activities. The more I travel in the pro-segregation circles (with which I have formed alliance out of expediency and not out of love for 'white supremacy'), the more I become aware that they are basically against our republican form of Government and are, therefore, a menace to our nation. On top of all, I come to the full realization that I have been used by them as a pawn to further their wicked ends. I sincerely hope that I may have the opportunity to testify against these power-mad people in the near future. If I can be of service to you, please do not hesitate to contact me at your convenience. I can be reached at the above address or by phone at [redacted]

On 6/11/58 [] B'Nai B'Rith representative (cover by request), advised that sources of B'Nai B'Rith in New York had ascertained that JAMES MADOLE, National Renaissance Party leader, and EDWARD R. FIELDS, segregationist, were planning a demonstration outside Tallahassee Federal Penitentiary on 3/7/58, the day that JOHN KASPER will be released from that prison.

[] has advised that no demonstration plans have been formulated by White Citizens Councils of D. C. upon KASPER's release.

In view of the racial situation which may arise in Arlington County, Va., this coming September upon the integration of the public school system, it is believed advisable by WFO that the prison records concerning KASPER be reviewed to ascertain what detainers, if any, are placed against him. It is also believed advisable that sources at the prison be contacted to ascertain KASPER's plans upon release.

Kasper Out of Prison, Plans To Continue Racist Fight

TALLAHASSEE, Fla., Aug. 1 (AP)—John Kasper was reunited today with some of his radical segregationist supporters and pledged he would continue his fight against race mixing.

The white supremacy leader, fifteen pounds lighter than when he entered a Federal reformatory in Tallahassee eight months ago, also spoke out against racial integration in the Federal prison system.

Kasper was greeted at the airport by a group of Citizens Council and Ku-Klux Klan leaders from several Southern states, who gathered here to welcome him back into the fold.

Worked With Negroes

Retired Adm. John Crommelin of Wetumpka, Ala., told Kasper the group wanted him to know it hadn't forgotten him while he was serving time for contempt of court in the Clinton, Tenn., school integration riots in 1956.

Kasper told newsmen that during his stay in the Federal correctional institution here he was forced to work in a prison laundry side by side with Negro prisoners.

"But under the circum-

stances, I didn't complain," he said.

Driven to Atlanta

His reunion was delayed by almost twelve hours because Federal prison authorities drove him to Atlanta yesterday to avoid possible demonstrations by segregationists.

He was released from the Atlanta Penitentiary this morning. As soon as he was out he made contact with the group and caught an afternoon plane for Tallahassee.

Kasper plans to leave tomorrow for Nashville, Tenn., to prepare for his September trial on a state charge of inciting to riot as a result of school integration disorders there last fall.

No Political Ambitions, Kasper Says

Special to the New York Post

Tallahassee, Fla., Aug. 2—Segregationist John Kasper, just released from federal prison and facing a new trial on charges of inciting to riot, disclaims any ambition to be the Presidential candidate of a new third party.

"I am just interested in trying to present a little information to the American people," Kasper said yesterday, promising to keep up his rabble-rousing.

One of a handful of his white supremacist admirers who greeted him here had proposed Kasper for Presidential candidate of a new party in the South.

Shifted to Atlanta Prison

A group of White Citizens Council leaders, Ku Klux Klanners and others had come here to welcome Kasper on his release from federal prison, where he served eight months of a year's sentence for contempt in connection with the school integration riots at Clinton, Tenn.

But U.S. prison officials in Washington, suspecting a demonstration outside the prison here, quietly transferred Kasper to the prison in Atlanta on Thursday, and he was released there yesterday.

He took a plane here for the reunion with his friends.

Today he is expected to go to Nashville, Tenn., to prepare for his trial in state court next month on charges of inciting to riot to protest integration of the public schools there.

"Friends" Outnumbered
On his arrival here, he was met by only about 12 disciples. Police and reporters and photographers considerably outnumbered them.

Kasper drew a snicker from police and press when he said he had returned here because "so many of my friends had traveled many miles to get here to see me."

It had been announced that he would make a public address at 5 p.m., but permission was denied for him to speak either at the County Courthouse or at the State Capitol.

Kasper told reporters that during his stay in prison he had to work in the laundry side by side with Negro prisoners.

"But under the circumstances, I didn't complain," he said.

"FLEMING said that a letter for [redacted] had been delivered to Seaboard W. & C. offices, and delivered it. It was from [redacted] c/o [redacted] New York, New York. This is one of the boys that came down for the ROCKWELL picketing of the White House. Inside the envelope was the article on [redacted]'s defection. Under the label (containing the return address of [redacted]) was the printed words, General Telephone System. It is possible that [redacted] works there. [redacted] thinks that [redacted]'s address is where she wrote to thank the three boys that were here for the second KASPER picketing."

(The ROCKWELL picketing was the anti-Jewish demonstration held in Washington, D. C., on July 26-27, 1958, by G. LINCOLN ROCKWELL. The informant advised that [redacted] did not actually participate in the picketing of the White House on July 27, 1958, but assisted in distribution of the anti-Jewish literature on July 26, 1958. Information regarding this demonstration has been sent to offices receiving copies of this report.

The second KASPER picketing was in October 1957, in protest of JOHN KASPER's arrest. [redacted] helped to organize the picketing and members of the National Renaissance Party from New York City were to participate.)

KASPER APPEAL HERE
**He and 60 Other Segregationists
Call Contempt Trial Unfair**
CINCINNATI, Oct. 18 (AP) — Attorneys for John Kasper and six other segregationists told a federal appeals court today that the trial that had resulted in their conviction for contempt in Knoxville, Tenn., had been conducted unfairly. The Sixth Circuit Court of Appeals heard arguments. Kasper's conviction for contempt of a federal court order restraining him from interfering with integration in a Clinton, Tenn., high school. It then took the case under advisement. Kasper was sentenced to six months in jail. Six residents of Clinton, charged with being in a group led by Kasper that assertedly brought on a riot when the school was integrated in August, 1956, received probation sentences ranging from fifteen months to two years. In their arguments, the attorneys for Kasper said the lower court's charge to the jury was prejudicial.

**BOMBINGS AND ATTEMPTED BOMBINGS
IN SOUTHERN COMMUNITIES -
RACIAL MATTERS**

The following is a memorandum describing the activities of the White Citizens Council of the District of Columbia and recommendations as to investigation in accordance with Buairtel, 10/16/58, captioned as above.

This group was listed by the Bureau in above referenced Buairtel.

The White Citizens Council of the District of Columbia is an anti-integration group in Washington, D.C., headed by JOHN KASPER, who was released from prison in August, 1958, after serving one year for violation of a Federal court order in Tennessee in connection with his segregation activities.

The New York Office conducted investigations in 1956 and 1957, concerning the background of JOHN KASPER, who formerly resided in New York City. New York also conducted background investigation of [REDACTED] a former member of this group, who allegedly defected from the organization in March, 1958. [REDACTED] attempted to sell information concerning this group to the Anti-Defamation League, New York City, made a press release about the organization, and volunteered information to the FBI which was declined because of his background and the obvious self-serving nature of this offer. [REDACTED] formerly resided in New York City, but is now believed living in Washington, D.C.

SUBJECT: WHITE CITIZENS' COUNCILS OF

INTERNAL SECURITY - X

On 12/3/58 I called Mr. COURTNEY EVANS, of the Bureau, and referred him to DREW PEARSON's article as appearing in the morning issue of the "New York Mirror" same date. I pointed out that this article dealt with "hate mongers" and the last paragraph of PEARSON's article referred to JOHN KASPER and stated that according to an FBI investigation conducted by SA [REDACTED], KASPER was determined to have engaged in interracial romances.

I pointed out to Mr. EVANS that this was a repeat of some old information and I referred him to NY teletype dated 9/28/56 to the Bureau in captioned case as well as WFO airtel to the Bureau and NY dated 11/15/56 which reflect that similar information appeared in the 10/11/56 issue of "Jet" magazine.
